

SHEIK SHAND WILL STAGE PAGEANT AT FAIRVIEW CHURCH

High School Annual to Be Dedicated to Student at State University.

FAIRVIEW, Nov. 21.—What is expected to be the most elaborate pageant ever staged locally is one to be put on Friday night by adult members of the Fairview First M. E. Church. The play, which is called "The Great Refusal," will have a cast of twenty-four characters and the rehearsals would indicate that local people are to have a rare treat when it is ready for presentation. A. Osborne, the author, is well known as a writer and Indian lecturer. He has given two addresses the past week in Fairview and the vicinity. He is popularly known as Sheik Shand, and has written many articles for leading American magazines.

Miss Cook Honored
The high school annual (The Paw Paw) board met last night to make final arrangements for the publication of the year book and among other important business matters, decided to dedicate this year's Paw Paw to Miss Alice Virginia Cook, who is now a student in West Virginia University. Miss Cook was teacher of English in the Fairview High School for four years, resigning in the spring of 1921 to complete her work in the university. The board is composed of Lydia Haught, editor-in-chief, Lottie Tennant and Freda Dickson, associate editors; Horace Michael, business manager; and Earl Mason and Hugh Miller, assistant managers.

Chicken Pox
A slight epidemic of chicken pox has reached Fairview recently and among the victims are: Roberta, little daughter of Mr. and Mrs. W. D. Yost; Myrtle, daughter of Mr. and Mrs. Thomas Montgomery; and Winard, son of Mr. and Mrs. Claude Ames.

Coach C. R. Copp has begun final preparation for the Fairview football team which will be staged in South side town at 8 o'clock Friday afternoon. To guard against any news items carried by schools to the opposition team the team has entered into secret practice where special attention has been given to the pass, made famous in the Tennessee-Vanderbilt game. Coach Copp believes that they will be new with west Virginia high schools and will be the result of several yards gain in the deciding factor in the football game this week. Should Fairview win, in its first appearance in football, added to its already long list of victories, even its worst enemies would proclaim the team a successful year; Mannington's claim for county championship would be shot to pieces or a post season game would have to be staged at either Fairview or Fairmont. Fairmont High is believed to have the strongest team in years but Fairview is banking upon the same fighting spirit that has won it the championship in both basketball and baseball to win in Friday's clash. Trucks and automobiles are already being chartered to take a large delegation of rooters to the scene of battle, and the entire student body is expected to be on hand for the first foot of the whistle. Harold Freeman has been chosen cheer leader for the occasion and will make a worthy opponent of Thompson and Arnett, the Fairmont cheer leaders.

Show Thursday
Much interest is being manifested in the show which will be given in the high school auditorium Thursday night of this week. The high school management has been successful in booking the Paramount screen production, "Inside the Cup," based upon Churchill's famous novel of the same name.

LAKE SHIPMENTS EASE LAST WEEK

Total of 1,331 Cars Loaded to the Lake Front During Past Week.

Coal mines in Northern West Virginia loaded 1,331 cars or 66,550 tons of fuel to the lake front last week. Of that tonnage 934 cars were loaded off the Monongah Division, B. & O., which was 123 cars less than the previous week but approximately 17 per cent of the coal loaded on the Monongah Division last week. Lake coal loading off the Morgantown & Wheeling Railway last week totaled 397 cars, or 32 per cent of the tonnage.

Railroad Fuel Gains.
A slight gain in railroad fuel tonnage was noted in Northern West Virginia last week compared to the previous week. A total of 2,290 cars of coal were loaded off the Monongah Division, B. & O., last week, or 8 cars more than the previous week. In fact the railroads obtained 41 per cent of the coal produced on the Monongah Division last week. Last week the B. & O. secured 873 cars of coal, while foreign roads obtained 1,417 carloads. The B. & O. was more active last week

and received 123 cars more than the previous week, while foreign fuel loading eased up 124 cars compared to the previous week. Last week's railroad fuel was the record week of 1922. With one exception, that of the week ending March 25, when 1,280 cars were secured, the B. & O. had its heaviest week for company fuel on the division, while foreign roads had their record week loading during the week ending November 11, when 1,490 cars were loaded.

Coke Tonnage Gains.
Coke loading on the Monongah Division, B. & O., last week held up well. Two hundred and thirty-three cars of coke were loaded on the division, or twenty-two cars more than the previous week. Of the coke loaded there were 109 cars shipped east and 130 cars shipped west. In addition to this there were ten cars of coke loaded east off the Connellsville Division, B. & O., last week, fourteen east off the Cumberland Division, B. & O., and seventy-seven east off the M. & K.

CLOSE BOURSE SATURDAYS.
PARIS, Nov. 21.—At the request of the foreign office it has been decided to close the Bourse every Saturday winter and summer after the first of January, says Excelsior today. The reason for the decision, the newspaper asserts, is that through the closing of the London and Brussels exchanges on Saturday the Paris market alone bears the brunt of serious events, news of which arrives on that day.

Postmasters Authorized to Use Own Discretion

WASHINGTON, Nov. 21.—The demand for letter boxes has become so great as a result of the recent postoffice department "no box, no mail" edict that manufacturers are unable to fill orders, the department said today in announcing that for this reason postmasters had been authorized in their discretion to postpone the January 1 to not later than March 1.

PAYING TAXES EARLY

Saturday was a big day for the county officers in charge of collecting the taxes. Deputy Sheriff Ruth Merrifield, who is in charge of this work, announced today that \$45,000 had been collected by the force Saturday. A week ago Saturday the collections amounted to \$20,000.

The DUO-ART REPRODUCING PIANO

PADEREWSKI
Records exclusively for the Duo-Art

Do you know the "Liebestraum" No. 3 of Liszt? If you do, you doubtless agree with the rest of the music-loving world that it is one of the loveliest melodies ever written.

With its dreamy, flowing accompaniment it breathes a tale of beauty and romance, and listening, our own thoughts slip into tender dreaming.

Would you not like to enter your home at nightfall, a little weary, perhaps, to have this, or some other exquisite music steal softly to your ears?—beautiful music played by some great artist who has romance and poetry in his own soul and who has put all he has into this music for your enjoyment and betterment.

The Duo-Art, thought outwardly just a conventional piano, is able to do this marvelous thing for you. It is able to play the Liebestraum with the exquisite touch and feeling of Rudolph Ganz or Arthur Shattuck. It will play Rubinstein's "Melodie in F" with all the mastery of Josef Hofmann or Ethel Leginska. It will play the songs you know and love—the hymns your mother sang—and how delightfully will it play the latest craze from musical comedy or dance hall!

Whichever type of music appeals most to you, come to The Store with a Welcome and ask to hear it on the Duo-Art Piano.
